The National Social Studies Honor Society chapter of Peninsula High School is an organization that seeks to enrich the historical knowledge of its members, celebrate their successes in history classes, and promote cultural and informational exchange amongst its members and the greater school community. We like to see membership as a reward for hard work in Peninsula's challenging social science classes. In order to qualify, you must have taken at least two years of history or social science courses at a high school level and received at least a B in Honors and APs courses. Feel free to type up any longer answer prompts you may have. If there is any history-relevant information that you would like to share in addition to your responses on the form, please feel free to do so within reason.

We are looking forward to a great year of learning, sharing, and exploring together!

Sincerely, NSSHS Board
